Hello Ray:

I could go any other day during the week of December 13th. And, even though I had decided to go on vacation on December 20th, I could make arrangements to take the trip on December 20th. I anticipate that this trip will only assist in beginning to understand what is in that model, we may not come out of the meeting knowing everything about what has been done, and don't rule out having to carry the discussions forward. Please let me know what you decide re the schedule. Thanks,

JETorres

Ray:

Would you be driving to Austin that morning (12/14)? Would you definitely be driving back that evening? Tuesday, Dec 14 is the day of the Commission

meeting that will consider the PFD on UEC-Goliad. We will need to be there. It starts at 9:00 and UEC-Goliad is the first item on the agenda. That item may go on for an hour or more, but we wouldn't expect it to go into the afternoon, but in any event, we'd have to stay with it until it's decided. I imagine you'd find the commission agenda discussion and decision on UEC-Goliad to be interesting. However, if we don't get started talking about El Paso until the afternoon, will that be enough time, or would you consider staying overnight and picking up with it again on Wednesday?

Wednesday (12/15) and Friday (12/17) are also open on my schedule; I would need to check with Bryan, David, and Don about their availability on those dates.

-Ben
